MEMORANDUM FOR THE RECORD

SUBJECT: Clark Committee Survey

25X1A 1. [] telephoned to say that State Department security had telephoned him to say that they had received Hoover Commission Top Secret clearance for a Mr. Flash and a Mr. High who would be the Clark Committee Task Force looking into Mr. Park Armstrong's area in State.

25X1A [] said he had been requested by State to come up with any unfavorable information on these gentlemen and so far he had had nothing derogatory. Assuming that they will receive full clearance, they will still not have access to one area in R which I assume would be the area dealing with the DD/P side of the house and one which will be covered by Colonel Lane.

2. Met with General Christiansen, Colonel Lane, Colonel Miller, Mr. Foley and Mr. McGruder to discuss future plans. General Christiansen stated that General Clark will be in Washington on the 7th of December and that as far as he knew would not be coming into the CIA area. He further stated that Admiral Conolly will be here on the 8th of December and may possibly come to CIA although this is doubtful.

3. I asked General Christiansen to give me some dates as to the CIA survey and pointed out that we would like to have both Colonel Lane and Colonel Miller's committee work together in surveying the DD/A area as well as Training, Personnel, and Communications. General Christiansen pointed out that they had to have their report in by 31 March and would need at least a month to prepare it. He then pointed out that they would probably want the full month of February for field trips including visits to overseas installations. So, based on the present schedule, this will mean crowding the DD/A area, Training, Communications and Personnel into the four weeks in January.

4. General Christiansen stated that he felt sure that General Clark would want to accompany Colonel Lane on an overseas trip to Europe, and I pointed out that due to General Clark's prominence it might not be desirable for him to visit certain sensitive installations. General Christiansen stated that he realized this and felt that possibly such places could be left to Colonel Lane. Colonel Miller said that he wanted

25X1 25X1A 5. Arrangements were made to have Colonel Miller go with Colonel Lane on the afternoon of December 16th to Communications to be briefed by [] and on December 17th [] for a field trip. [] thinks that he can give them sufficient briefing on the Office of Communications in his day and a half to preclude the necessity of a further survey in the last week of January.

25X1 25X1A 6. In my discussion with [] of the Office of Training, [] he agreed that with the trip [] and the visit to the "Country Fair" on December 6th, he could complete their survey of the Office of Training in two days and so I have tentatively set the schedule for the DD/A from the 3rd of January through the 21st, for training on the 24th and 25th, leaving the 26th, 27th and 28th for the Office of Personnel.
